## Technical Specification

|                      |                      |
|----------------------|----------------------|
| EIA WR               | WR5                  |
| Frequency Range(GHz) | 140.0 – 220.0        |
| Twist Type           | Right-Handed         |
| Twist Degree(deg)    | 90                   |
| Insertion Loss(dB)   | 0.7 Max.             |
| VSWR                 | 1.15:1 Max.          |
| Flange               | UG-387/U-M           |
| Material             | Cu                   |
| Size(mm)             | 25.4 x 19.05 x 19.05 |
| Net Weight(Kg)       | 0.03 Around          |
